

The 2014 South Central Regional Shoot is approaching quickly and all of us at Caney Creek Shooting Sports would like to let all shooters know that we are working very hard to get hotel information for you as soon as possible.

I am enclosing a list of most of the motels in the area with phone numbers and rates if available. I will also include the approximate distance from the lodge. The hotels have been personally checked out and we feel that while their rates do reflect the overall "quality" of the hotel, there are definitely hotels listed that offer a great value for the money and we feel comfortable in recommending them.

More importantly, since this is a low population area, there could be problems having enough hotel rooms to go around without having to drive too far (30 miles or so). We are working diligently to solve this to the best of our ability, so it is very important to call asap to book your rooms with each hotel individually. We realize it is still early and you may not be completely certain of your schedule.

However, please go ahead and guarantee a reservation with your credit card and then if you have to cancel or change dates of arrival or checkout, that can be done easily.

If you are going to bring an rv, call Shady Oaks Park in Fairfield first because this property is also owned by us. If we become full, we will gladly recommend other parks in the area. Shady Oaks phone number is 903/389-7128.
